

mounted on the instrument panel to control the on-board devices therefrom has been devised as a solution.

In the Claims

Please rewrite Claim 12 as follows:

A3 Sub DI 12. (Amended) An input device according to Claim 11, further comprising:
a second warning unit for generating notification signals for informing the operator of the reassignment done; wherein
the controller unit instructs the second warning unit to generate the notification signals when the device reassignment has been performed.

REMARKS

Applicant has rewritten portions of the specification and Claim 12. The changes from the previous version to the rewritten version are shown in attached Appendix A, with strikethrough for deleted matter and underlines for added matter.

Respectfully submitted,
